

Email 1: Requesting an Assignment Extension

Subject: Extension Request for Assignment 1.

Dear Professor,

I hope this email finds you well.

I am writing to respectfully request an extension for the **Assignment 1**, which is currently due on **26 March 2026**.

Due to **an unexpected medical issue**, I have fallen slightly behind my planned schedule. I am deeply committed to submitting high-quality work that reflects a thorough understanding of the course material, and a brief extension would allow me to ensure the assignment meets those standards.

If possible, may I submit the assignment by 28 March 2026. I have attached a draft of my current progress to show that the work is well underway.

Thank you for your time and for considering my request. I look forward to hearing from you.

Best regards,

Aklesh Swain

Email 2: Internship Inquiry (Summer Opportunity)

Subject: Internship Inquiry: Summer 2026

Dear Sir,

I am writing to formally express my interest in a summer internship opportunity with the engineering team at **CISCO**. As a student at **VIT Bhopal University** focused on, I have long admired **CISCO**'s work in **Data Analytics**.

Currently, I am working on building my "literate engineering" foundation, moving beyond basic tool usage to mastering system logic. My recent projects include:

- Developing **Walkthrough AI**, a Python-based application deployed via Railway.
- Implementing search algorithms and Bayesian networks as part of my AI fundamentals coursework.
- Maintaining a professional documentation workflow on GitHub.

I am eager to apply my technical skills and my drive for problem-solving in a professional environment. I have attached my resume for your review and would welcome the opportunity to discuss how I can contribute to your team this summer.

Thank you for your time and consideration.

Sincerely,

Aklesh Swain
